

# WELCOME TO EUROPE!

**BLUE BOX PARTNERS**  
PACKAGING FOR EUROPE

Many European companies are looking for a partner who supplies them all over Europe and who consistently offers them a well-coordinated service.

**Since 2006 the answer to this challenge has been Blue Box Partners – a pan-European alliance with a clear objective: the optimum provision of their customers with corrugated cardboard packaging. All over Europe. One-stop shop. In any quantity. In all qualities. At any time.**

The four partners of the European Economic Interest Grouping (EEIG) all follow the same philosophy and strategy. They are family businesses with tradition, established and successful in their home markets: Cart-One S.R.L. (Italy), Hinojosa Packaging Solutions (Spain), Klingele Papierwerke GmbH & Co.KG (Germany) and VPK Packaging Group (Belgium).

Blue Box Partners trusts in joint success through innovation, reliability and cooperation based on partnership. Thanks to well-hierarchized organisational, working and communication structures, Blue Box Partners has developed into a powerful strategic marketing alliance in Europe, which is growing constantly and has since become of considerable size.

The alliance now plays an important role in the European packaging market and is one of the top 3 in Europe:

**68 production facilities, 5 paper mills, a production capacity of 4.470 billion m<sup>2</sup>, corrugated board production of 3.887 billion m<sup>2</sup>, paper production of 1.285 million tons and a turnover of 2.287 billion Euro.**
